

Guam Public Library System Internet and Website

The Guam Public Library System (GPLS) does not have a social media (Facebook, Twitter, etc.) account. GPLS Staff and Management comply with Executive Order 2015-09 Social Media Policy.

GPLS receives its Internet and network services through the Department of Administration (DOA) Office of Technology, who manages the following systems:

- Microsoft Active Directory
- Microsoft Exchange – Email
- Horizon - Integrated Library System
- Alchemy - Document Management
- Power 7 - Finance software for timekeeping, budgeting and procurement
- SonicWall - Firewall and Content Management

GPLS does offer public computers for patrons to utilize. Access provided to library patrons and staff are secured and in compliance with the Children Internet Protection Act (CIPA).

GPLS has a website at <http://gpls.guam.gov> which is available to the public.
